Meghalaya, Nagaland, Orissa, Tamilnadu, Tripura, Dadra & Nagar Haveli and Daman & Diu for additional allocation/enhancement of their monthly wheat quotas. Similarly, requests have been received during 1995 from Andhra Pradesh, Assam, Meghalaya, Mizoram, Nagaland, Tamilnadu and Daman & Diu for additional allocation/enhancement of their rice quotas. A statement showing the additional allocations of rice and wheat made to various States/Union Territories during 1995 is attached (Annexure). [*See* Appendix 175, Annexure No. 40]

Levy sugar allocations for Public Distribution System are not made on the basis of the demands received from the States/Union Territories and are made generally on uniform norm of 425 gms. per capita monthly availability to the projected population as on 1.10.86, effective from 1.2.1987. Keeping in view the improved availability of sugar during the season 1994-95, an ad-hoc increase of 5% in the monthly allocation of levy sugar has been restored with effect from September, 1995.

(d) There are adequate stocks of wheat and rice in the Central Pool and no difficulty is foreseen at present to meet the requirements of the public Distribution System during 1996. In view of better availability of sugar, the Government has decided to allocate levy sugar as per 1991 census effective from 1.1.1996.
